GRAYLING, MICHIGAN, AUGUST 12, 1926

NUMBER 32

STATE TROOPS BEGIN TRAINING

Camp Grayling, Mich., Aug. 9.—With their scarlet guidons streaming proudly in the breezes, the 182nd field artillery, Detroit's "million dollar" motorized regiment, rolled into the National Guard encampment Monday morning, completing the final step of their remarkable overland journey from Detroit without the semblance of a mishap.

Colonel Heinrich A. Pickert, regimental commander, was most pleased by the showing of his men and equipment, during the long and strenuous trip. The regiment intact, without any delay or accident on its long route, made the 260 mile trip with its heavy trucks, guns, caissons and equipment in six days. They left the Detroit fair grounds last week Tuesday morning.

Work Starts

The camp buckled down to business Monday morning and in every outfit training plans had begun. The crackle of rifle fire floated over the two waters of Lake Margrethe from the range where Co. F, 125th and 126th infantry were being put thru record target practice, while the special troops. At the end of the camp those with the best records will be the wearers of marksman, expert riflemen and sharpshooters' medals. Infantry companies not on the range were busy on the drill fields.

At the 119th field artillery, headquarters, Colonel Joseph H. Lewis, regimental commander, the men began Tuesday with battery problems using war strength batteries with field equipment. The 119th will take its 75 MM guns on the range next week.

Only Two in Hospital

Out of the camp, which is nearing full complement of approximately 4,000 men and officers, there are only two hospital patients and those are minor cases, according to Colonel John D. Buck of Detroit, commanding the 107th medical regiment. All the medical units in camp are competing for a cup awarded annually by Lieutenant O. G. Brown, regular army instructor. The medical unit of the 106th cavalry won the cup last year. The outfit winning it three successive years retains possession of the trophy permanently. The 107th medical regiment have begun its field drill and field work. Colonel Buck and Lieutenant Brown are each presenting a guidon to the most efficient medical company and detachment in camp this year.

Captain Willard L. Smith, regular army instructor with the 126th infantry regiment, who has been stationed in Grand Rapids, suffered a nasty spill when he was thrown from his horse in front of the administration building Monday. He was rushed to the hospital in a field ambulance and it is said his injuries are not serious.

The Y. M. C. A. hut, under the supervision of Roy Vail, assistant secretary of the organization, is doing excellent work under the handi-

caps of insufficient men and material. Besides the main hut which is crowded each night, the "Y" has established huts with the 119th field artillery and the 126th infantry regiments. Besides Vail, the "Y" staff consists of George Chesky, building secretary from Detroit, Jay Hill, railroad secretary of Detroit, George A. Schumm of Lansing, Richard S. Poling of Jackson, Frank T. Downing of Kalamazoo, Paul Hayward of Grand Rapids, and John Strick of Brighton.

Band Has Young Player

The band of the 125th infantry regiment, one of the largest in camp, is proud of one of its musicians, Jack Howard, 11 years old, 324 Watson street, Detroit, who valiantly plays the trumpet along with the other members of the band. Jack's father, John Howard, is the band trombonist. The band is directed by W. A. McArthur, of Detroit, who also directs the Detroit Mail Carriers band.

Major General Guy M. Wilson of Flint, whose wife was injured fatally last week by a speeding automobile in Waterford near the 182nd field artillery camp arrived here Wednesday and took up his duties as camp commander. Brig.-General John H. Schouten of Grand Rapids, commanding the 63rd infantry brigade, has been acting camp commander.

Lieutenant Patrick F. Powers, regular army instructor in chemical warfare from the sixth corps area in Chicago, began his duties Monday with the 119th field artillery, holding a gas mask drill and lecturing on chemical warfare with material demonstrations. Lieutenant Powers will continue his chemical warfare instruction throughout the various regiments in camp.

Artillery to Go On Range

The 182nd has been busily preparing to take the range with its 155 mm. guns, going into position Wednesday and will begin firing probably Thursday morning and continue dropping its huge shells at distant targets until Saturday morning.

Governor Alex J. Groesbeck is expected to arrive in camp Saturday night and will review the troops Sunday.

General William S. Graves, corps commander, is expected the latter part of this week and a group of officers from the war department in Washington, including Lieutenant Colonel E. M. Cheseldine, A. G. D., will be here August 13.

As the second day of actual camp work came to an end, the officers declared that the men appeared to have been on the grounds and in training for a month, so well have they taken hold of their work.

107th Ordnance Dept.

The 107th ordnance department, under command of Capt. Alien, is unusually attractive and is eliciting a great deal of attention.

The company streets and the tents are all electrically lighted. Handsome boulevard lights—large white globes mounted upon white painted posts line each side of their rows of tents.

Conspicuous at each end of the com-

pany street are electric signs bearing the name of the organization and showing electrically a flaming bomb. Bulle-

tin boards, also with the name of the department and its insignia, will appear at each end of the street.

Before each tent of the commissioned officers is a triangular electric sign giving the name of the occupant of the tent, which shows up at night as well as in the day time.

All water used for drinking and in the culinary department passes thru a heater where it is heated to the boiling point after which it is cooled in an immense refrigerator and comes out cold as ice. This refrigerator is so large that it will accommodate the storage of quantities of food stuffs and, if desired, will hold a whole quarter of beef.

The tables in the mess hall are all covered with clean white oil cloth, which is not usual with other departments. The tables and everything about the place are painted white; this includes even the tent stakes and poles. Orderliness seems to be the watchword in this department and every tent, tent stake and everything about the place is lined up straight and accurate and make a most pleasing appearance, and every tent flap is folded exactly the same in each tent.

The service of this department is in caring for and repairing all ordnance pieces, including the large guns, machine guns and small pieces.

One large truck contains a complete electric generating plant, and another a complete machine shop, all driven on by electricity. Also some of the tents are occupied with lathes, saws and other machines.

There are 48 men in the company of which Capt. Alien is captain. He is assisted by Lieut. Griffith. Also attached to the outfit are Capt. Edward B. Snow and 1st Lieutenants McCabe, Prosch, Smith and Berry.

EVANGELISTIC MEETINGS

The evangelistic meetings inaugurated last Sunday evening by Revs. T. M. Summerville and O. M. Kittle in the tent near the school house are nightly attracting people who are interested in the Word of God. The supreme need of the hour is to know the Word of God. This is a time of rush and drive. Multitudes of Christians are swept along in the tumultuous current. The things of time and sense cry out for them. They are so busy with time they have no time to consider eternity. They are so taken up with the things of the flesh that they are almost unconscious of the spirit. Unbelief dethrones God and exalts man. He, who would serve God should be instructed of God. That appears to be the prime object of these meetings.

General William S. Graves, corps commander, is expected the latter part of this week and a group of officers from the war department in Washington, including Lieutenant Colonel E. M. Cheseldine, A. G. D., will be here August 13.

As the second day of actual camp work came to an end, the officers declared that the men appeared to have been on the grounds and in training for a month, so well have they taken hold of their work.

The 107th ordnance department, under command of Capt. Alien, is unusually attractive and is eliciting a great deal of attention.

OAKLAND COUNTY IS NEWEST MEMBER

The newest county member of the East Michigan Tourist Association is Oakland, the county of 500 lakes, Oakland board of supervisors appropriated \$1,000 for the tourist association at its spring meeting.

CANDIDATES FILE FOR PRIMARIES

NO CONTESTS FOR COUNTY CANDIDATES

Primary election on September 14 will be a tame affair in so far as candidates for county offices are concerned. Neither the Republican nor the Democratic party has more than one candidate in the field for nomination, and the only contest appears to be for election in November.

Of course there will be plenty to attract the voters to the polls September 14th among the state candidates, the Groesbeck-Green contest being the big feature and sure to draw a record vote in Michigan. Added to this will be the contest for lieutenant governor in which the present incumbent George Welsh is opposed by Wells of Cassopolis and Oscar Kiopelle of Detroit.

Crawford County Ticket.

For Sheriff:

Jess E. Bobenmoyer, Republican.

Peter F. Jorgenson, Democrat.

Clerk:

Charles Gierke, Republican.

Frank Sales, Democrat.

Treasurer:

William Ferguson, Republican.

Prosecuting Attorney:

Merle F. Nellist, Republican.

Register of Deeds:

Andrew Hart, Democrat.

Circuit Court Commissioner:

Merle F. Nellist, Republican.

Insures Purchasers Game Tickets for Ten Years

Ann Arbor, August 14—Citizens of the state of Michigan will be given equal opportunity with alumni to purchase football tickets in a preferred seating section for future University of Michigan home games, Director Fielding H. Yost announced today, in connection with the financing plans for the new University of Michigan football stadium.

The new stadium, which will be ready for use for the football season of 1927, is to be financed by the sale of state tax exempt bonds. Each bond purchaser will have the right to purchase two seats in this specially reserved section for the next ten years, commencing in 1927. However, no citizen or alumnus may purchase more than two bonds, the board in control of athletics has ruled. Bonds will be retired by lots each year and even though the bond purchaser may have his bond retired the very first year, his ticket privilege still continues to and including the football season of 1936.

Hundreds of thousands of ticket applicants have been turned away during the past several years at Michigan games held in Ann Arbor and even though the new stadium is to seat 70,000 people, important games are sure to see this seating capacity quickly sold out. The tickets for all the so-called big games of the 1924 season, were entirely sold out from 30 to 60 days before the days of the games. The entire seating capacity for the Wisconsin game in 1924 was sold out in three days. Last season, all tickets for the Michigan-Navy game were sold within one hour after being offered for sale.

During the past five years, there has been an average annual surplus in athletic earnings, over and above the cost of operating inter-collegiate athletics at the University of Michigan, of over \$150,000. From July, 1921, to May 1, 1926, there were invested in lands, buildings and other permanent improvements from this surplus, the sum of \$677,608.54. In addition, on May 1, 1926, there was a net surplus on hand of \$79,500, bringing the total surplus over costs of operations, to \$757,108.54, or an average over five years, of \$151,421.71.

A complete illustrated prospectus, together with subscription blank, may be had on application to the board in control of athletics, Ferry Field, Ann Arbor, Michigan. The bonds are being rapidly subscribed and it is estimated that all will be taken within ten days or two weeks.

Any citizen of the state of Michigan has the same right as an alumnus of the university to purchase these tax exempt University of Michigan stadium bonds with privileges for ten years.

"The fact that the bond subscriber is sure of seats for ten years and can invest his money safely and without state taxation, is the reason why they are going so rapidly," Mr. Yost stated.

"Citizens of Michigan wanting this reserved seat privilege, should lose no time in writing for the prospectus."

Any citizen, interested in the purchase of football tickets, should write the Board in Control of Athletics, Ferry Field, Ann Arbor, Michigan, for subscription blank and prospectus which fully explains everything.

MICH. THEATER IN DETROIT, MECCA FOR LUXURY LOVERS

Detroit, Aug. 11 (Special)—The "Roaring Forties" of New York's Broadway and the gleaming glamour of Chicago's "loop" are paling into insignificance as the date draws near for the opening in the middle of August of The Michigan Theatre, newest monarch among the wonder theaters of the world.

The theatre, which cost nearly \$5,000,000 to complete, is on Bagley avenue near Grand Circus park, and according to art critics and builders from all over the world who have had an advance peep into its interiors, it far surpasses any theatre in the world for luxury, convenience and

GOVERNOR GROESBECK

GOV. REVIEWING M. N. G. SUNDAY

MAY TALK TO GRAYLING VOTERS SATURDAY NIGHT

Governor Alex. J. Groesbeck is expected here Sunday to review Michigan National Guard. There is also some talk that he may talk to the voters of Grayling on politics at the court yard some time Saturday afternoon or evening. Local parties have been trying to get in touch with him so that arrangements may be made but have not, up to this time, been successful.

Hand bills will announce a downtown meeting provided there is to be one.

ST. MARY'S CHURCH FAIR SATURDAY

St. Mary's annual church fair, supper and dance Saturday afternoon and evening bids fair to be one of the most pleasant of the summer affairs in Grayling.

In the afternoon one may visit the various booths, each one of which will be fitted with dainty and useful homemade articles.

Beginning at 4:30 o'clock a regular supper will be served in service style, and from 7 until 12:00 light lunches will be served. Following the supper the program will take place and at 9:00 o'clock dancing will begin, with music by Schram's Ramblers. During the evening the several articles on which tickets are being sold will be given away.

Come in the afternoon and stay the rest of the day. There is no charge for admission. All are cordially invited.

Trap Shooters

A number of new faces were seen at the Carl Mickelson trap shoot at Lake Margrethe Sunday morning and some good scores were made. Some "off days" also figured in the scoring. Following is the result of that day's shoot:

Holger Hanson.....11

Marius Hanson.....10

Junior Hanson.....2

Mr. Payson.....18

C. P. Mickelson.....20

A. E. Mickelson.....15

B. E. Smith.....18

E. J. Olson.....15

Mr. Payson.....22

E. A. Mason.....11

O. P. Schumm.....2

Paul Hendrie.....14

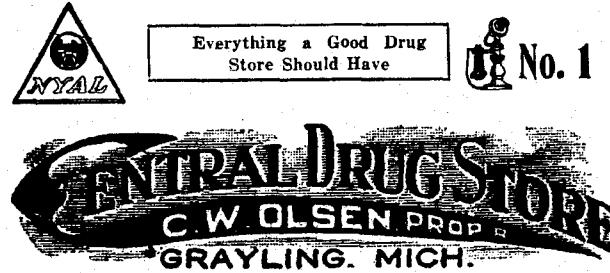

Kodak as you go

All roads lead to pictures—good pictures if there's a Kodak along.

Lunch by the roadside—interesting views, along the way, informal portraits of the rest of the party—it's all easy with a Kodak and it will only take a minute or two to prove it.

Autographic Kodaks \$5 up

Brownies \$2 up—Kodak Film for every camera and quality finishing. If you've been looking for service you'll find it here.

WALK ON LEFT SIDE OF ROADS

Police and Highway Officials Advise Pedestrians to Avoid Danger

With the summer outing season in full swing, pedestrians on the highways are urged to follow the rule of walking on the left side.

Walking on the left side of the road has been advocated for some time by police and highway officials who have made a study of automobile accidents, yet a large number of people continue to use the right side of the road when walking. This makes it impossible for them to see vehicles approaching on their side of the road.

The motorist may see the pedestrians, but he can never be sure which way they are going to turn. If he meets another vehicle just as he is about to pass a hiker, it may be impossible for him to turn out without striking one of them.

The habit of asking for rides should also be discouraged. Police in a number of cities have often issued warnings against the practice. Most motorists would be glad to give pedestrians an occasional lift, but the habit of asking for rides has been so much abused that many drivers as a matter of self-protection refuse all requests to give strangers a ride. Parents should be urged to caution

their children against asking for rides. The practice is exceedingly dangerous when youngsters stand in the travelled portion of the street or highway and signal for a ride.

An analysis of the motor vehicle accidents made for the recent Hoover safety conference showed that pedestrians were involved in 29,982 out of the 47,128 accidents reported in the state of New York in 1925, and that of 1,891 persons killed, 1,155 were pedestrians. The report further shows that 50 per cent of the motor vehicle accidents and 65 per cent of the fatalities occurred on straight, level road.

GETTING THE MOST FOR ONE'S INCOME

The development of a plan for spending the family income to best advantage means not only better household management, but a margin with which to secure worthwhile things, and money for labor-saving devices which help the home-maker to gain time for the children, for self-improvement, or for community activities.

This is the underlying thought in miscellaneous circular No. 68-M. "Planning Your Family Expenditures," by Chase G. Woodhouse, of the Bureau of Home Economics, United States Department of Agriculture. All business concerns from manufacturing plants to the United States Government have budgets or spending plans, no different in principle from the family budget.

There is no such thing as a standard household budget, Mrs. Woodhouse points out. Each family must make its own. The circular gives a number of helpful suggestions for doing this. It is necessary to get the whole family interested. The probable income for the year must be estimated. The next step is to list all the known needs of the family and their anticipated cost. This

total must be compared with the estimated income, and if necessary, pruned until it is evident that all expenditures can be taken care of by the money that will be received.

Various ways of recording expenses are described, with particular attention to the needs of the farm home. The circular shows how to group the different classes of expenditure conveniently and in sufficient detail, so that it will be possible later to analyze them. It concludes with a number of questions, each suggesting others, which will be found useful in reviewing these records at the end of the year when making a new spending plan. Copies may be obtained free while the supply lasts by writing to the United States Department of Agriculture, Washington, D. C.

The Alfred Hanson service station is specially attractive with their new lighting. Large globes with variegated colors adorn each end of the front entrance.

The Ladies Aid Society of the Michelson Memorial church will meet with Mrs. Oscar Hanson at Lake Margrethe Friday afternoon at two o'clock, August 13.

Several members of the Thomas Anger family, former old residents of Grayling but now of Pinconning visited in Grayling Sunday, guests at the home of Julius Nelson.

Mr. and Mrs. Henry Baumgras entertained Mr. and Mrs. E. B. Ramsey of Lansing at their cottage at Lake Margrethe last week. Mr. Ramsey was a former state representative.

Mrs. R. L. Evans of Gaylord was in Grayling Wednesday visiting her husband, who is a patient at Mercy hospital. She was a guest at the home of Mrs. H. C. McKinley.

T. E. Douglas and son Edgar left Sunday for Kenosha, Wis., on business with the Nash Motor Co., and to bring back a couple of new Nash cars. Mr. Douglas is the local dealer.

Mr. and Mrs. D. W. Smith returned to Flint Wednesday after visiting at the home of Mr. and Mrs. Victor Smith. W. W. Smith and family spent the week end at the Victor Smith home.

Mrs. John Vaughn of Detroit and Mrs. Harold Millard and children of Flint are visiting their parents. Mr. and Mrs. Simon Sivrais, Mrs. Arthur Johnston also of Flint spent the week end at the parental home.

While a 15-pound pike isn't such a rare fish, still one of these whoppers on the end of a line is quite a sensation. Tuesday George Belski and a visitor in Grayling landed one of these big fellows at the electric pond.

Mr. and Mrs. Willis H. Ketzbeck and the former's mother, Mrs. B. H. Ketzbeck returned to Detroit the morning after visiting at the home of their daughter, Mrs. Carl Doroh for a week. Miss Dorothy Hoesli accompanied them to Detroit.

Mr. and Mrs. Charles Tromble have as their guest, Miss Lucy Marsac of Bemidji, Minnesota, who arrived Tuesday.

Misses Ingeborg Hanson, Ruth Lovely and Mrs. Hans L. Peterson are assisting at the Gift Shop during the busy season.

Miss Mollie Johnson is enjoying a several weeks vacation visiting at the home of her parents, Mr. and Mrs. C. B. Johnson.

Mrs. Ed. Gibbons returned Thursday afternoon from Hillsdale where she had been spending several weeks visiting her mother.

Mrs. Wm. P. Evans and son of Detroit are visiting the former's parents, Mr. and Mrs. R. S. Babbitt and family for a few weeks.

Mrs. Morey Abrahams of Detroit is a guest at the home of Max Landsberg and family. He is also shaking hands with old acquaintances.

Mr. and Mrs. O. P. Schumann and family are enjoying a visit from Mrs. Schumann's sister, Miss Florence Doty of Grand Rapids.

Kermit LaMotte, son of Mr. and Mrs. John LaMotte is at Mercy hospital, as the result of an ulcerated tooth is getting along nicely.

Rev. and Mrs. J. H. L. Wooley and family of St. Josephs Island, Canada visited at the home of B. A. Cooley Tuesday evening remaining over night.

Andrew Charley of Beaver Creek township, who recently went to Pontiac, where he was employed had the misfortune to have his foot crushed while at work.

Mr. and Mrs. Sidney J. Graham are entertaining Mrs. M. O'Brien and daughters Margaret and Dorothy of Buffalo, N. Y. They arrived Monday and will be here for two weeks.

Miss Anna Nielsen, who was spending her vacation at her home here entertained a few friends Thursday evening. She returned Sunday to Grand Rapids, where she is employed.

Victor Petersen, who has had charge of one of the A. & P. stores at Traverse City has been transferred to the Gaylord store. Mrs. Petersen and children are enjoying their cottage at Lake Margrethe.

Mr. and Mrs. E. W. Creque, Jr. and two sons were in Grayling Saturday and Sunday, having accompanied Mrs. Creque's mother, Mrs. Rasmus Rasmussen home. Mrs. Rasmussen had spent the past three weeks in Flint.

Mr. and Mrs. George Comer and friends, Mr. Thomas Truman and daughter, Miss P. J. of Detroit were in the city over the week end visiting old friends of the Comers, they having been residents here years ago. Saturday evening the party were dinner guests of Mr. and Mrs. Melvin A. Bates.

Mr. Edward D. Bailey and wife and Professor Howard Mills and wife, with their daughter Iva and son Leonard of Mt. Pleasant spent Sunday with the R. D. Bailey family.

They were enthusiastic over the fish hatchery, the "Pines" the trip thru the woods past Niederer's ice houses to Chase's bridge and the wonderful stone work and log work of the new cabin being built for the author, James Oliver Curwood near Chase's bridge.

Mrs. A. E. Underhill, who is visiting in the city entertained a number of ladies at the home of her sister, Mrs. Carl Nelson Saturday evening. Five tables of "500" were arranged, Mrs. William Fischer holding the highest score and Mrs. Harry Reynolds receiving the consolation prize.

Following the games a very delicious lunch was served on small tables. The out-of-town guests included Mrs. Fischer of Compton, Calif., Mrs. Wm. Aberle, Pasadena, Calif., Miss Anna Nielsen, Grand Rapids, Mrs. Walter Hemmingsen, Detroit and Mrs. Joseph Collier, Standish.

Dated June 23rd, 1926.

Frieda Lenartz and William Lenartz, mortgagees.

RECORD OF VILLAGE COUNCIL PROCEEDINGS

Meeting held on the 2nd of August, 1926.

Present: T. W. Hanson, president, Trustees Roberts, Giegling, Sorenson, McCullough and Sales.

Absent: Peterson.

Minutes of last meeting read and approved.

Report of finance committee:

To the president and members of the common council of the village of Grayling: Your committee on finance, claims and accounts respectfully recommend that the accompanying

bills be allowed as follows:

1—Selling Electric Co., electric service for July.	\$144.00
2—J. A. Schram, supplies and repairs on wagon and truck.	4.00
3—Selling Hanson Co., supplies.	8.11
4—Schreuer & Co., repairs on wheels.	7.25
5—Z. A. Goff, labor on construction on shelter building.	90.00
6—Geo. Burke, gas, oil, supplies and storage.	54.85
7—M. C. R. R. Co., freight on wheels.	88
8—Chas. Fehr, fire report, P. Larson residence.	13.00

9—Julius Nelson, payroll, ending July 16.

10—Julius Nelson, payroll, ending July 23.	67.65
11—Julius Nelson, payroll, ending July 30.	72.00

12—GIEGLING, MCCULLOUGH, Committee.

Moved by Roberts, supported by Sorenson, that the report of the finance committee be accepted, and the clerk be instructed to draw orders for the amounts.

Yeast: Roberts, Giegling, Sorenson, McCullough and Sales. Nays: none.

Motion carried. Absent: Peterson.

Moved by Roberts, supported by Giegling that the clerk be instructed to purchase 4 cars of washed pea gravel.

Yeast: Roberts, Giegling, Sorenson, McCullough and Sales. Nays: none.

Motion carried. Absent: Peterson.

Thereupon the board adjourned.

The Outdoors Is Yours!

Your own car makes the whole country yours—with its peace of color and coolness. Not far from your own home are scenic treasures—adventure—fun—and romance. Find them! Follow the shores of sapphire lakes! Stop to fish in their cold, clear depths. Drink in the fragrance of wild flowers and scented meadows!

You will find color wherever you go—green of forests—gold of wheat fields—blue waters of lake and stream—crimson of flaming sunsets. And always the promise of the unknown luring you on! Below is a suggestion of the rich treasure of the Middle West.

1—Prairie du Rocher, Illinois, the only town in the United States having a commons on the old French plan. Church records date back to 1720. House of first governor of Illinois where La Fayette was entertained as post office. Near Evansville on State Highway No. 3.

2—Sully's Hill, an important wild animal preserve in North Dakota. State Highways No. 34 and No. 20.

3—Leavenworth, Kansas, where the "Leavenworth Constitution" was framed in 1857. View of Kansas and Delaware Rivers from the bluffs. Near Big Spring on Union Pacific Highway No. 10.

4—Storm Lake, Iowa, a beautiful resort region. State Highways No. 4 and No. 5.

5—Indian fortifications north of Fourteen Mile Creek, Indiana. Peculiar formation over 200 feet high and in one place hardly a rod wide. Near Charlestown on Wonderland Way No. 24 from Madison.

6—Mount Baldy, one of the largest sand dunes in the world, at Saugatuck, Michigan. State Highway No. 11.

7—Mille Lacs District in Minnesota, where the pine forests and oak forests meet. Fishing is very good in this district. State Highway No. 18 from Brainerd follows the shore of Mille Lacs.

8—Sibley, Missouri, where Fort Osage was established in 1809, during Osage Indian War, one of the eastern terminals of the old Santa Fe Trail. Near Buckner on National Old Trails Road No. 6.

9—Trempealeau Mountain, Wisconsin, where Perrot, the French explorer, landed in 1685. Name derived from the French meaning "the hill which soaks in the water." Bold piece of scenery. State Highway No. 162 from Holmen.

10—Crystal Cave, near Sturgis, South Dakota, with 1,500 chambers of mystic beauty. Via Piedmont, State Highway No. 30.

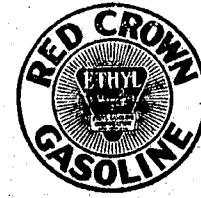

Discovering scenic treasures for yourself is the best sport of all. It's easy to do for splendid highways weave their pattern smoothness over the entire Middle West. The outdoors is yours! Claim it this summer. Red Crown Ethyl Gasoline will add much to the pleasure of motoring. It "Knocks Out That Knock"—it makes carbon work for you. You'll think your engine is recreated.

Michigan Happenings

The aviation committee of the Board of Commerce is advertising for a piece of land near Ypsilanti to be used as a site for an airport. As the city is on the air route between Detroit and Chicago and with other routes being established, Ypsilanti business men consider that no time should be lost in establishing a suitable port there. Farmers within five miles of the city are being asked to communicate with the Board of Commerce if they have suitable fields which they desire to sell.

The colonial home property on East Maumee street in the business district of Adrian, has been disposed of for \$19,500 in a sale conducted by George W. Ayers, Lenawee Circuit Court Commissioner. The property was sold to Joseph Nopper, its sale being made necessary for the settlement of an estate. The home is one of the oldest houses in Adrian, having been built 75 years ago, and for the last 40 years has been used as a boarding house.

The first step of moment in the amalgamation of the Ladies of the Maccabees and the Maccabees was the transfer of securities valued at \$2,800,000 from the Port Huron vaults of the order to Detroit headquarters. The fortune in negotiable paper was transported through the streets of Port Huron and to Detroit in an armored car sent from Detroit for the purpose. The officers of the order have been working on the amalgamation project for 30 years.

S. H. Jensen, 2462 Kendal Avenue, Detroit, discovered the skull and bones of a human body while digging a trench on a lot north of Monroe along Lake Erie. It was found 40 feet from the edge of the lake. Coroner George Huber was summoned and is making an investigation. The skull and bones were buried in 2 1/2 feet of dirt.

Sixty Michigan bankers forsook their financial duties to attend Banker-Farmer Day, an annual event, held at Michigan State College. The purpose of the conference, sponsored by the Michigan Bankers' Association, was to acquaint bankers with the agricultural program for the state which is being backed by the college.

Herbert G. Watkins of Ann Arbor, has been named assistant secretary of the University of Michigan to succeed Paul Buckley. The appointment was approved by the executive board of regents. Buckley has been appointed general manager of the Michigan Union. Watkins will assume his new position September 1.

The city of Iron Mountain cannot levy a 1-cent gasoline tax independent of the state tax for paving purposes. Deputy Attorney General Clare Retan informed city officials in an opinion. wording of the state gas tax statute prohibits any other tax of this nature, Retan said.

U. G. Armstrong, of Niles, was elected president of the Michigan Rural Letter Carriers Association at the concluding session of the twenty-fourth annual convention of that organization at Adrian, and Ludington won over Holland in a contest over the 1927 meeting.

Henry Ford celebrated his sixty-third birthday on July 30. The automobile manufacturer followed his custom of making no special observance of the day. In other years he frequently has inspected his more important plants on his birthday.

Announcement that state trunk line M-11, from Benzie to a point six miles south of Traverse City, will be paved and that Traverse City will be the western terminus of M-72, was made by A. L. Burridge, state highway engineer, in an address.

A contract for the erection of a new building has been let by the Romeo Savings banks. The building, which will be built by a Chicago firm, is to cost \$85,000. It will occupy the site of the present bank building.

The Peninsula & Northern Navigation Co. has temporarily postponed plans for re-organization and the Goodrich Line will take over the operation of boats between Milwaukee, Grand Haven and Muskegon.

Mrs. Cora Reynolds Anderson, of L'Anse, the only woman member of the Legislature, has qualified as a candidate for the Republican renomination for State Representative from the L'Anse district.

When his car stalled on a steep hill James Henderson of Sault Ste.

Marie became excited and failed to apply his brakes. The car sped backwards down hill and over a 16 foot embankment, turning over and pinning Henderson and his wife under it, where they lay severely injured for more than a half hour before Mrs. John Davidson, a passenger, extricated herself from the back seat and ran screaming down the road, finally attracting attention. Both are in a local hospital.

Our Annual AUCTION SALE Thurs., Aug. 12, 7.30 P.M.

Diamonds, Watches, Clocks, Silver Wrist
Watches, Pearls, Cut Glass and China

FACTS WORTH KNOWING:—Annually we give the people of this community an opportunity to purchase any article in our store at your own price. No better goods can be purchased—money can buy no better—and instead of having a clearance sale as most other merchants do twice each year, we believe an auction sale gives our customers a greater opportunity for real honest-to-goodness bargains.

YOU will have no difficult terms or conditions to comply with; select any article in our store and it will be sold by the auctioneer at once. Pay as little as you care to pay for it.

Think of It! Diamonds, Watches, Clocks, Jew-
elry—at your own price.

Genuine Blue White Diamond Ring given Away Absolutely Free
7:30 Thursday Night

FIRST 50 PEOPLE IN OUR STORE THURSDAY EVENING—7:30
WILL RECEIVE SPECIAL SOUVENIRS.

Farm Bureau Notes

R. D. Bailey, Co. Agricultural Agent

R. D. Bailey Co. Agricultural Agent
The requirements of a good farmer are at least four: The ability to make a full and comfortable living from the land; to rear a family carefully and well; to be of good service to the community; to leave the farm more productive than it was when he took it.

—L. H. Bailey

Pigs
I know where several farmers can find a supply of young pigs and shoats.

Pigs Again
Are you one of the farmers who is raising pigs in a dried-up June pasture, or did you have some foresight and provide a piece of alfalfa for pig pasture. Alfalfa makes one of the cheapest, cleanest, simplest means of growing pigs, and it is strange that more do not use it. An acre block of alfalfa will make more pasture than a sow and her dozen pigs can use. With rings in their noses they do not injure the alfalfa. Why should these good things and better ways be so slow in coming into use by our farmers?

Clean
If anyone has a cleaner field of potatoes than Fred Anderson or Alred Hummel he is going some.

Shows what can be done, even with a lot of other crops to attend to be sides.

Big Difference
The County Agent is on farms practically all the time, excepting Saturdays and Sundays. He is deeply impressed by the great difference in farmers. Some have a large acreage of crops—clean, too. Others, with as good chance, have so little. I do not see how some use their time. They accomplish so little.

Good Things to Do
(1) Keep corn and potato crops very clean so that as soon as corn is cut or potatoes dug you can get lime out of the ears that we will bring in this fall at Frederie, Lovell, Grayling, Horrigan and Roseman, and apply it on the clean corn or potato ground. Disc or drag it in to prevent blowing or washing lime away.

The lime becomes somewhat dissolved by spring, and you can go right on and sow your alfalfa with three pecks of oats as a protection, just when you wish.

We are trying to bring in our lime supply in the fall as the spring has proven to be too short and uncertain for us to get lime here and onto farms in time for oats.

Go in with us this fall for lime and

alfalfa.

(2) There are many fields of weeds in the county—just clear weeds. They should be plowed under right now. Not having gone to seed, they will do no harm and will make valuable fertilizer. Don't laugh. Green weeds make valuable fertilizer, as all green vegetable matter does if plowed into the soil.

(3) Cut down the dock, thistles, mullein and milkweed along your whole roadside and in all fence rows. Go through the fields of oats, wheat, rye, armed with bushel basket, gloves and knife, and cut stray dock, thistles, mullein, and milkweed, carrying out and burning the dock and thistles, as they are now ready to burst and scatter. Pshaw, man, you can find time enough for this if you try.

(4) Most of our farms need more green stuff plowed under. Green manure crops are a great benefit to the soil. We do not use them enough. Right now is the time to be getting a supply of vetch and rye to sow in the corn just before the last cultivation and cultivate them in. Thus, killing two birds with one stone.

Vetch and rye should both be put in earlier than most of us do it. Cultivate them into the corn in August on the fields that are not to be limed this fall for next spring's alfalfa.

This vetch and rye, late next spring can be manured and plowed in and fodder corn, alfalfa or sweet clover sowed there. Why not swing into line with some of these better practices? What argument can truthfully be made against them?

Monday
On Monday morning of last week, Professor A. G. Weidemann, research associate of the department of soils of Michigan State College (formerly Agricultural College) arrived to sample crops on our state demonstration farm.

Many experiments and demonstrations, valuable to farmers, are being worked out there. It would seem that more farmers would call at the office and give the County Agent a chance to show and explain these demonstrations.

Tuesday
On Tuesday morning a distinguished visitor, Professor C. Beaman Smith, chief of co-operative extension work, United States Department of Agriculture, Washington, D. C.

Professor Smith has been in a responsible position with the Department of Agriculture for thirty years. He calls at each agricultural college in the United States, as the Government's representative, to agree with

MEXICO IN THROES OF RELIGIOUS WAR

Rioting in Many Sections as
All Catholic Churches
Are Closed.

Paul Smith's, N. Y.—Owing to the strained relations between the Church of Rome and the state in Mexico, President Coolidge has no intention for the present of lifting the United States embargo on the shipment of arms and ammunition to the southern republic. This was made known in an executive order issued from the summer White House.

San Antonio, Texas.—Hundreds of nuns, priests and teachers have crossed the border into the United States, many of the sisters disguised for fear of detention.

Mexico City.—All Catholic churches have been closed in Mexico and all Mexico is in the throes of a religious war, the outcome of which is a worry to the entire world. Rioting is reported in many sections and great loss of life is feared.

Detachments of federal troops are patrolling the streets and roads in the villages and open country of the federal district, ready to give assistance to municipal authorities of the towns and villages when disturbances arise over the religious situation. The troops, traveling in motor cycles and automobiles, have instructions to shoot anyone offering resistance.

These steps have been taken because of reports of intense excitement in the suburbs and outlying villages, especially among the Indians.

Agents of the department of justice closed and sealed church structures, except places of actual worship, under the orders of the attorney general's office. These structures include offices of archbishops and bishops, vestries, sacristies and places where church treasures are kept. Numerous churches at the same time suspended services of their own accord.

Msgr. Tito Crespi, in charge of the apostolic legation in Mexico City since expulsion of Msgr. Caranca, papal nuncio, was ordered expelled.

The order came at the direction of President Calles because the government considered his presence "inconvenient."

Msgr. Crespi was given twenty-four hours to depart, but on intervention of the Italian legation the time was extended to forty hours.

Roman Catholics of all Mexico gave way to a great manifestation of devotion to their religion and grief as the last few hours slipped by before the new governmental regulations became effective.

Vast assemblages swamped the cathedral in Mexico City, the shrine of "Our Lady of Guadalupe," and other beloved places of worship.

U. S. Crop Area Is Cut 5 Per Cent in Five Years

Washington—Despite a reduction of 19,000,000 acres in the harvested-crops area in the last five years, the crop area in the United States is still sufficient to maintain a large volume of exports, says the United States Department of Agriculture in an analysis of the latest census figures. This is the first time in the history of the United States that a decrease in crop area has been shown in any census period.

Decreases in crop acreage have occurred principally in the eastern cotton belt, in the corn and winter-wheat belts, the eastern and southern portions of the corn belt, the hay and dairy region from Lake Michigan to the Hudson valley and in eastern Washington and California.

Increases, on the other hand, have occurred in the semi-arid western portion of the great plains region, extending from southeastern Texas to Montana and beyond; in the upper portion of the Mississippi River bottoms; central Florida; southwestern Minnesota and in northern Minnesota and Wisconsin.

The reduction in crop area represents a decrease of 5 per cent for the five-year period, the 19,000,000 acres having reverted to pasture or been allowed to lie idle. During the same period, however, the acreage of forest, cut-over land and woodland increased about 9,000,000 acres.

Radio Manufacturers to Seek Broadcasting Rule

New York.—Announcement was made here that the radio apparatus section of the Associated Manufacturers of Electrical Supplies had made plans for the formation of a national radio protective committee which will call a convention to take steps to stop wave-length jumping by broadcasting stations. Similar action, it was said, had been planned by the radio manufacturers' association. This, it is believed, marks the first step by the radio industry to put broadcasting on a self-governing basis.

We might add that Dr. Hilton comes to us unusually well prepared as he took a four year course in veterinary work in our agricultural college since the World War, in which he participated over seas.

WRITE-UP ELICITS RESPONSE
FROM THIS MAN

The devous and indirect manner in which reactions to publicity of the East Michigan Tourist association are secured is shown by many examples. One instance is worthy of mention.

The Detroit Free Press in June printed an article reviewing the contents of the E. M. T. 1926 magazine, "Vacationland." One of the subscribers of the newspaper clipped the article. The other day, he was planning a trip and was reading a copy of the clipping to the Detroit Free Press. The Free Press forwarded the letter to this office and the reader is now receiving information regarding the summer time appeals of all Michigan.

Sanskrit Old Language

Sanskrit was the language of the Brahmins of India and was in use at the time of Solomon, king of the Children of Israel. A complete literature in Sanskrit has been discovered in India, and considerable was translated in 1788 by Sir Wm. Jones.

Watch Your Change

The largest denomination of Uncle Sam's greenbacks is the \$10,000 note, only a few of which are in circulation.

Not Counted

Trade note says the automotive industry gives employment to 8,500,000 people in the United States. And that's exclusive, too, of policemen and mailmen.—Arkansas Gazette.

E. M. T. MAGAZINE USED BY AKRON STORE; BANK ALSO DISPLAYS BOOKLETS

"Vacationland," the East Michigan Tourist association 1926 magazine, is so reminiscent of the outdoors, that the M. S. Long store of Akron, Ohio, used copies of the magazine to heighten in the atmosphere of a window display of camping supplies, fishing tackle, stuffed fish, etc., according to a letter received from R. C. Demary, a city official of Akron. At least 100 Akron residents will visit East Michigan this summer, Mr. Demary says. The Central Savings & Trust Company of Akron also used the magazine for a display in connection with its vacation department.

Mr. Demary writes:

"Several copies of 'Vacationland' were used by the M. S. Long store, located on the most prominent corner in the city, in connection with a window display of fishing tackle, camp supplies, stuffed fish, etc.

"The booklets created quite a lot of comment and I was informed this morning that two parties had been organized to visit East Michigan as a direct result of the display and perhaps several more will follow. One party is already at Bay Port and another left yesterday for Tawas.

"Two more parties have made arrangements to visit the Michigan National Forest in August.

"The Central Savings & Trust Co., which operates vacation department, made a neat display of the booklets and report that two or three parties will visit Michigan as a result.

"I think I am perfectly safe in saying that at least 100 people will visit East Michigan as a direct result."

TO THE OWNER OR OWNERS OF ANY AND ALL INTERESTS IN OR LIENS UPON THE LANDS HEREIN DESCRIBED:

TAKE NOTICE that sale has been lawfully made of the following described land for unpaid taxes thereon, and that the undersigned has title thereto under tax deed or deeds issued therefor, and that you are entitled to a reconveyance thereof at any time within six months after return of service of this notice upon payment to the undersigned or to the Register in Chancery of the County in which the land lies, of all sums paid upon such purchase, together with one hundred per centum additional, thereto, and the fees of the Sheriff for the service or cost of publication of this notice, to be computed as upon personal service of a declaration as commencement of suit, and the further sum of five dollars for each description, without other additional cost or charges. If payment as aforesaid is not made, the undersigned will institute proceedings for possession of the land.

STATE OF MICHIGAN,
County of Crawford.

Description of Land: S. E. 1/4 of N. E. 1/4, Section 34, Town 25 North, Range 3 West. Amount paid, \$6.65, tax for 1922.

Amount necessary to redeem, \$18.30, plus the fees of the sheriff.

ERNEST JOHN,
Place of business, Roscommon, Mich.

To Ida Karline Bergstrom, last grantee in the regular chain title of such lands or of any interest therein as appearing by the records in the office of the Register of Deeds of said county.

STATE OF MICHIGAN,) ss.

County of Crawford) ss.

I do hereby certify and return, that on the 12th day of July A. D. 1926, I served the within notice upon Ida Karline Bergstrom, and to whom said notice is addressed, the said person being a non-resident of this state, by depositing copies of said notice in the United States Post office at the village of Grayling, in said County, for transmission through the United States mail, and enclosed in a sealed envelope and registered, with postage fully prepaid, and plainly addressed to her the above named person at his post office address as obtained by and known to me as follows:

Ida Karline Bergstrom, Madison, Dane county, Wisconsin, which said notice was returned to me unclaimed, and which same is hereto annexed and forms a part of this return.

J. E. BOBENMOYER,
Sheriff of the County of Crawford.

My fees, \$1.10.

STATE OF MICHIGAN,) ss.

County of Crawford) ss.

I do hereby certify and return, that the within notice was delivered to me for service on the 12th day of July 1926, and that after careful inquiry, which has been continued from that time until this date, I am unable to ascertain the whereabouts or post-office address of the person appearing by the records in the office of the Register of Deeds of said county, to be the last grantee in the regular chain of title to the within described lands at the said date of the said delivery of such notice to me for service or of the heirs of said grantee, if any or whereabouts or the postoffice address of the executor, administrator, trustee or guardian of such grantee, if any upon the foregoing described land.

Dated July 29th, 1926.

J. E. BOBENMOYER,
Sheriff of said County.

My fees, \$8.50.

entertaining their daughter, Mrs. L.
M. Thurston and little daughter Jane
Kathleen of Owosso. They are here
for a three weeks visit.

Hereafter the Ladies National
League will hold two business meet-
ings a month instead of one. The
meetings will be held on the first
and third Wednesdays of the month
at 7:00 P. M. Sharp.

Eat your supper at the high school
gymnasium Saturday evening, Aug-
ust 14 and dance after to Schram's
Rambler. Enjoy the program that
will be given under the direction of
Miss Vaughan. There is no ad-
mission charge.

Mr. and Mrs. Chet Noyes and
daughter Nancy Lee of Detroit are
guests of Mrs. Noyes' parents, Mr.
and Mrs. W. H. Strope at their cot-
tage at Lake Margrethe. Also Captain
Dick Taylor of Detroit is a guest at
the Strope home this week.

Mrs. Axel Michelson was hostess
at a charmingly appointed luncheon
at the T-Shoppe Saturday afternoon.
The affair was given in honor of her
house guest, Miss Simon of Bay
City. After luncheon seven tables
were filled for bridge. Mrs. Frank
Michelson and Mrs. Olaf Michelson
holding the highest scores.

Stakes were pulled at Camp Lake-
wood, at Kyle lake Tuesday by the
young boys from Lakewood, Ohio,
after about six weeks of the best
outing this group has ever enjoyed.
The camp was under direction of W.
J. Cockayne and G. D. Corneil, of the
faculty of Lakewood high school, and
these gentlemen are enthusiastic of
the wonderful summer they have had
here this year. There were 21 boys
in the party, between the ages of 10
and 16 years, and everyone was re-
luctant to return home, they just
didn't want to leave. The delightful
waters of Kyle lake have afforded the
finest kind of bathing and boating,
and besides the boys found the fishing
entirely to their liking and many a
fine small-mouth black bass found
its way to their frying pans. Some
of these fish were as large as 18
inches in length, which is large for
this species. Besides the splendid at-
tractions of the lake and the sur-
rounding woods, there was horse back
riding and hiking and some of the in-
teresting places in that region were
visited. On Monday last Camp
Grayling, that is conceded to be the
finest military camp in America, and
the home of Michigan National Guard
was visited. The party left on a
special train Tuesday afternoon in
a special car for Lakewood, and the
directors and the young Ohio lads
are all hoping that they may return
next season.

Local News

THURSDAY, AUGUST 12, 1926

Railroad crossing accidents continue to be evidence that the American people are not superstitious and do not believe in signs.

Miss Hilda Nielsen of Flint is visiting at the home of her sister, Mrs. W. J. Heric, arriving this forenoon.

Miss Ruth Cavanaugh and a group of fifteen young girls are spending a week camping at the McIntyre landing at Lake Margrethe.

Mr. and Mrs. Robert H. Gillett are entertaining the latter's sister, Mrs. F. G. Stegall of Bay City, who accompanied them on their return home yesterday.

Mr. and Mrs. Emil Hanson and family of Detroit arrived yesterday from Detroit and are visiting the former's brother, Holger Hanson, wife and friends.

Mrs. C. J. Hathaway was a guest at the home of Mr. and Mrs. E. G. Clark during the time the Doctor was looking after his optical business here. On their return home, Mrs. Hathaway's mother, Mrs. Ivory, who had been visiting her sister, Mrs. Clark also returned home.

The annual review of the Michigan National Guard at Camp Grayling will be held next Sunday at 1:00 p.m. At this time all companies and units will pass in review before the commanding officers. It is a sight well worth seeing and annually thousands of outsiders come here to be in attendance.

Miss Mary Watts of Detroit who has been a guest of Miss Jennie Ingley at her cottage at Lake Margrethe for a couple of weeks left the latter part of last week for Cleveland. Her mother, Mrs. J. B. Watts who also was here is now taking a lake trip on the steamer Metterton of which her husband is the captain.

Mr. and Mrs. James Milne were in Saginaw the first of the week where they went to attend the wedding of Miss Pearl Bryon to Mr. Alfred Zink, the latter who is superintendent of schools at Dryden, Mich. The newlyweds are spending a part of their honeymoon at Lake Margrethe, guests of the Milnes.

George Burke has just installed at his Cedar street filling station the latest device for inflating tires. All that is necessary is to set the indicator to the correct number of pounds of air pressure required and when the pressure in the tire reaches that amount the air will automatically shut off, and then all that is necessary is to put on the cap and the job is done. It saves testing several times with a tire pressure gauge and is simple to operate. The apparatus sets in front of the station and is elevated so that all tires may be reached without having to drag the house about.

Sheriff Bobenmoyer is making good use of a number of prisoners he has in jail by having them dig out some of the large stumps in the court and jail yards. There were 54; watching.

GRAYLING TO PLAY
ILLINOIS GIANTSTOURIST TRADE HELPS MARK
THIS STORE'S BIGGEST DAY

Is the tourist business worth while?

The Louis Drug Store of Bay City answers the question emphatically in the affirmative.

Listen!

On July 3, this year, the Louis Drug Company did the biggest day's business in its history. On July 5, this year, the same concern had the greatest kodak business in its history.

Says Otto F. Louis, of the Louis Drug Co.:

"Of course, the tourist business is worth while. Were it not for the tourist business, the Louis Drug Co. could not possibly have reached the great business that it marked on the two days in July. It is one of the best contributing factors to our success in business. Any business man who is failing to encourage and foster this business is doing his business untold harm. Tourists spend freely, pay cash and appreciate courtesy. Their patronage is decidedly worth while."

TAKING CARE OF 1926

President Coolidge is still fishing with fly and worm and for the fish in the lake. While a number of well

wishing and ambitious gentlemen have attempted to engage his interest in fishing in political rather than natural waters for 1928, he has ignored their efforts. Discussing Mr. Coolidge in 1928 is apparently one sure fire topic for publicity. In the woods at the Adirondacks apparently even the smallest politician, if in an oracular way, he reports, though he has only shaken hands with the President, what he believes is the President's intention with regard to 1928, he is certain of first page publicity in which, of course, he figures 90 per cent.

Once and for all, it might be said the President has made no declaration of any sort as to his intentions with regard to 1928, and furthermore, no matter how authentic or official these declarations may seem as filtered through a second party, there is no basis for any one of them. Mr. Coolidge is still fishing with fly and worm and for the fish in the lake. While a number of well

wishing and ambitious gentlemen have attempted to engage his interest in fishing in political rather than natural waters for 1928, he has ignored their efforts. Discussing Mr. Coolidge in 1928 is apparently one sure fire topic for publicity. In the woods at the Adirondacks apparently even the smallest politician, if in an oracular way, he reports, though he has only shaken hands with the President, what he believes is the President's intention with regard to 1928, he is certain of first page publicity in which, of course, he figures 90 per cent.

Lighting troubles are frequently caused by loose or dirty connections. The connections at every point should be scrutinized most carefully as the search proceeds. This applies to the fuse and switch box. As an illustration, a dead light recently was found to be due to the fuse wire being loose at one end.

A flickering light may be caused by a loose or dirty connection, or by a short circuit. And a dead light may be due to the same causes.

The ammeter will quickly show whether a flickering light is due to a loose connection or a short circuit. If, when the light goes out, the ammeter reading is reduced, the cause is a loose connection. On the contrary, if the reading is increased, the trouble is produced by a short circuit.

If a dead light is caused by a short circuit this fact will be indicated by the ammeter, which will show discharge even after the bulb is removed. But if the dead light is due to a broken connection, or a loose connection, no indication will appear on the ammeter even when the bulb is in place.

Perhaps the simplest way to locate a short circuit is to disconnect the wires in the circuit one by one, rubbing the disconnected end over its terminal so that it will give a spark if current is flowing. This search may be started at the lamp and continued back to the switch.

CHIPS FROM THE LOG CABIN

The biggest stone for the fireplace came by truck from Ogemaw county. Roscommon county has sent some of the best looking stones.

Herman Lunden, John Yuill and Marius Hanson showed the best technical knowledge in the use of the cant-hook.

Senator Karcher manifested rare proficiency in "log rolling."

Herman Butler's carefree manner with the cant-hook caused some apprehension among the audience.

MISS BINA M. WEST

First woman president of the National Fraternal Congress, will preside at the annual convention in Buffalo, New York, August 16-20. Miss West is supreme commander of the Woman's Benefit Association, with headquarters in Port Huron, Michigan. Ninety-four fraternal societies with total membership of more than 7,000,000 will be represented.

CARELESSNESS

A "Careful Crossing" campaign is being conducted by the railroads of the United States. This great effort to preserve human life should have the support of the entire public. Investigators have repeatedly pointed out that practically every grade crossing accident was the result of carelessness. Carelessness of the people is a factor to be abated by none save themselves. That explains why trespasser casualties have decreased but little, while there has been a varying increase in crossing accidents, amounting last year to 21 per cent. The railroads, it would appear, are doing their utmost to conserve human life and limb, but the great public, careless and heedless is not co-operating in the safety policy as it should and might.

"I quote from a letter: 'Why does our July and August business show up so well? Simply because of the tourist trade. The tourist may not spend his dollars with us directly, but he spends it somewhere, as every man who travels knows, and in time part of it, at least, comes to us. It makes no difference to us whether the garage man, or the hotel man, or the restaurant keeper or the drugstore, or the movie man gets it first, so long as it is spent here.'

"We made a check of bank clearings. The average monthly bank clearings in 1924 was \$3,755,719.14. The bank clearings for the period July 16 to August 16 amounted to \$4,152,917.96. This amount is 14 per cent more than the average month.

On a good ear of corn one encounters no detour.

PLAN FOR LARGE CROWD
AT GAYLORD CLUB CAMP

200 Boys and Girls Expected to Enjoy 4 Days of Profit and Pleasure, August 17 to 20

Plans are nearly complete for handling the 200 boys and girls, members of the Boys and Girls 4-H clubs, who will gather for their first annual camp at the fair grounds in Gaylord, August 17 to 20, inclusive.

This camp is being put on under the direction of the state club department, but is made possible through the generosity of the Gaylord Chamber of Commerce, the Otsego County Fair Association and the Michigan Central R. R. All of these agencies are turning their resources over to the club department to put on the camp. Some business interests of the Gaylord district are also putting part of their equipment at the disposal of the camp.

Every boy and girl, who is a member of a regularly organized boys' and girls' club, together with their local leaders in the district known as the Top O' Michigan are invited to attend. Entries have already been received from Alpena, Montmorency, Otsego, Emmet, Crawford, Charlevoix, Cheboygan and Presque Isle counties, and many more are expected. Many clubs are coming 100 per cent strong.

It is the plan of the club camp to bring the boys and girls of these counties together, giving them a chance to become acquainted with others in the work, at the same time giving them some real practical instruction in farming and home-making.

It is planned along the same lines as the camp which is held in Chatham each year. This camp started eight years ago with a little over 100 members and last year had over 450 there for a week.

The only expense for those attending Camp Gaylord is \$3.00 to cover the cost of meals for the four days.

Each one is expected to bring his or her own blankets and toilet articles.

The cots and mattresses are being furnished.

The program calls for about a half hour setting up exercises in the morning, then breakfast. After breakfast, clean up camp and bunk inspection. The rest of the forenoon will be given over to instruction work in livestock judging, dairying, potato growing, etc., for the boys; while the girls will be getting instruction in cooking, sewing and home making in general.

After dinner there will be demonstrations and judging contests until 3:30 when everyone will turn out for games, races, etc.

The evenings will be occupied with song fests, stunts, camp fires, etc.

No parent need worry about the safety of their children at the camp, as they will be under the close supervision of members of the extension staff the entire time. A canteen will be maintained at the grounds so there will be no need for them to leave the camp at any time.

STATE OF MICHIGAN, County of Crawford.

Description of Land: West half of Sec. 7, Town 28 North, Range 4 West.

Amount paid: \$59.81, tax for 1917.

Amount necessary to redeem: \$124.62 plus the fees of the Sheriff.

HENRY A. BAUMAN,

Place of business, Grayling, Mich.

To Michigan Land and Lumber Company, (limited), last grantee in the regular chain title of such lands or of any interest therein as appearing by the records in the office of the Register of Deeds of said County.

7-29-4

TO THE OWNER OR OWNERS OF ANY AND ALL INTERESTS IN OR LIENS UPON THE LANDS HEREIN DESCRIBED:

TAKE NOTICE that sale has been lawfully made of the following described land for unpaid taxes thereon, and that the undersigned has title thereto under tax deed or deeds issued therefor, and that you are entitled to a reconveyance thereof at any time within six months after return of service of this notice upon payment to the undersigned or to the Register in Chancery of the County in which the land lies, of all sums paid upon such purchase, together with one hundred per cent additional thereto, and the fees of the Sheriff for the service or cost of publication of this notice, to be computed as upon personal service of a declaration as commencement of suit, and the further sum of five dollars for each description without other additional cost or charges. If payment as aforesaid is not made, the undersigned will institute proceedings for possession of the land.
